CERTIFICATE OF SERVICE

I, Katherine Pyeatt, hereby certify that on this 3rd day of December, 2003, I caused copies of the foregoing "Petition for Rule Making for Knippa, Texas" to be placed in the U.S. Postal Service, first class postage prepaid, addressed to the following persons:

Ms. Marlene Dortch
Office of the Secretary
Federal Communications Commission
445 Twelfth Street, S.W.
12th Street Lobby-TW-A325
Washington, D.C. 20054

Gene Bechtel, Esq.
Law Offices of Gene Bechtel, P.C.
1050 17th Street, N.W., Suite 600
Washington, D.C. 20036-5517
(Counsel for Petitioner)

Texas Infinity Radio L.P.
Station KAMX
2000 K Street, N.W., Suite 725
Washington, DC 20006-1809

Katherine Pyeatt

Federal Communications Commission
Washington, D.C. 20554

October 27, 2004

Charles Crawford
4553 Bordeaux Avenue
Dallas, Texas 75205

Dear Mr. Crawford:

DOCKET FILE COPY ORIGINAL

This is in response to the Motion to Dismiss the Petition for Rule Making that you filed concerning the allotment of Channel 282A at Early, Texas.

In accordance with the requirements of Section 1.420(j) of the Commission's rules, you have provided a sworn affidavit certifying that you have not nor will not receive, either directly or indirectly, any money or other consideration in connection with the requested withdrawal of your expression of interest and the dismissal of your Petition for Rule Making. Consistent with the Commission's policy to refrain from considering rule making proposals absent *bona fide* expressions of interest, your Motion to Dismiss is granted.

For reasons discussed above, we are returning your Petition for Rule Making.

Sincerely,

John A. Karousos
Assistant Chief, Audio Division
Media Bureau

(Early, Texas))

MB Docket No. _____

To: John Karousos, Chief
Allocations Branch
Mass Media Bureau

RECEIVED
MAY 14 2003
MEDIA BUREAU

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 282A at Early, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 282A to Early, Texas as that community's first local aural transmission service. Early, Texas is an incorporated community of 2,619 people. Early, Texas has its own mayor, James Lewis, its own post office, its own fire department, its own school system, its own city offices and a number of local churches. The proposed channel 282A will provide additional diversity and an outlet for local self-expression to Early residents and therefore is in the public interest.

In order for Channel 282A to fit at Early, Texas, the vacant allotment for Channel 282A at Santa Anna, Texas¹ will need to be moved to Channel 262A, and two vacant allotments will need to relocate their reference coordinates, Channel 282C2 at Olney, Texas² and Channel 284A at Blanket, Texas³. All three of the changes being proposed for these vacant allotments will still provide for complete city grade coverage over their respective city of licenses.

¹ MM Docket No. 01-220, 282A at Santa Anna, Texas was allotted by R & O released 3/14/03.

² MM Docket No. 97-225, 282C2 at Olney, Texas was allotted by R & O released 10/2/98.

³ MM Docket No. 02-351, 284A at Blanket, Texas was allotted by R & O released 1/17/03.

Attached hereto is a channel study confirming that Channel 282A can be allocated to Early, Texas consistent with the FCC's FM separation rules provided the necessary changes are made at Santa Anna, Texas, Olney, Texas and Blanket, Texas. (See, Attachment A) See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates for Channel 282A at Early, Texas are:

31 42 45 N
99 02 44 W

In order for Channel 282A to fit at Early, Texas, the vacant allotment for Channel 282A at Santa Anna, Texas must be replaced by Channel 262A. Attached hereto is a channel study confirming that Channel 262A can be allocated to Santa Anna, Texas consistent with the FCC's FM separation rules. (See, Attachment B)

Reference coordinates for Channel 262A at Santa Anna, Texas are:

31 38 45 N
99 18 33 W

Also, in order for Channel 282A to fit at Early, Texas, the vacant allotment for Channel 282C2 at Olney, Texas must relocate its reference coordinates. Attached hereto is a channel study confirming that Channel 282C2 can move its reference coordinates to clear Channel 282A at Early, Texas and still provide complete city grade coverage to the city of Olney. (See, Attachment C)

New reference coordinates for Channel 282C2 at Olney, Texas are:

33 15 23 N
98 52 16 W

And finally, in order for Channel 282A to fit at Early, Texas, the vacant allotment for Channel 284A at Blanket, Texas must relocate its reference coordinates. Attached hereto is a channel study confirming that Channel 284A can move its reference coordinates to clear Channel 282A at Early, Texas and still provide complete city grade coverage to the city of Blanket. (See, Attachment D)

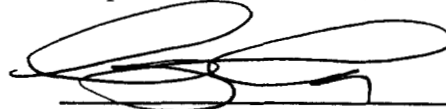

New reference coordinates for Channel 284A at Blanket, Texas are:

31 55 21 N
98 48 08 W

Should this petition be granted, and Channel 282A be allotted to Early, Texas, Petitioner will apply for Channel 282A, and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Charles Crawford', written over a horizontal line.
